

Ayelen Llampá

Frontend Developer

Buenos Aires, Argentina
(+54) 9 11 5478 2538
ayelenllampa88@gmail.com
/in/ayelen-llampa1988/

Frontend Developer with hands-on experience building web applications using React, Next.js, and TypeScript. Strong focus on UI development, component-based architecture, performance optimization, and clean, maintainable code. Experienced working in remote, agile teams and collaborating with cross-functional roles. Advanced English Level(C1).

EXPERIENCE

Freelance Frontend Developer/ Full-Stack Developer

Remote | March 2023 - Present

- Custom Web Solutions: Architected and delivered custom web applications and SaaS interfaces for diverse clients using React, Next.js, TypeScript, and Tailwind CSS.
- Featured Project (Raffle Platform - 2026): Engineered an event management platform utilizing Next.js 16, React 19, and Supabase. Built custom JWT authentication (jose, bcryptjs), real-time metric dashboards, and audit-ready data exports.
- UI/UX & Performance: Translated Figma designs into clean, responsive, and accessible UI components. Improved load times through refactoring and component optimization.
- Features & Integrations: Implemented internationalization (i18n), complex state management, and Stripe payment flows in development environments.

No Country - Frontend Developer

Argentina | August 2023 - July 2024

- Built responsive, cross-browser interfaces using Next.js and Tailwind CSS, implementing UI features based on product requirements.
- Collaborated with backend developers to integrate REST APIs while working in SCRUM teams using Jira and Trello.
- Ensured responsive layouts and consistent UI across multiple devices and browsers.

No Country - Team Leader

Argentina | August 2023 - September 2023

- Led frontend teams to deliver project milestones.
- Coordinated tasks, communication, and collaboration across team members.

Henry -Teaching Assistant (Frontend / JavaScript)

Argentina | 2022

- Assisted students with JavaScript and frontend-related challenges.
- Promoted collaborative problem-solving and code quality.

PROJECTS [\(portfolio\)](#)

TuneMatch - Frontend Developer
